The **BIM** world has changed

Today CAD symbols are replaced by BIM objects. BIM objects still carry the representation of your products in 2D and 3D like a CAD symbol would, but they also carry so much more.

BOPC™

The screenshot shows a product page for 'The Gap wall-hung bidet' by Roca. The page includes a product image, a list of technical specifications, and download options for ArchiCAD and Revit. The 'Downloads' section lists 'Download in ArchiCAD format' and 'Download in Revit format'. The 'Related Products' section shows other bidet models. The page is annotated with various icons and arrows pointing to specific features.

ASSA ABLOY

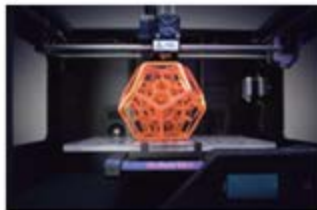

Leica Geosystems makes it surprisingly easy for the building design and construction industry to put BIM to work in the field. Adopting a BIM process means more than building efficiently - it's also a way to stay relevant and competitive in a rapidly evolving industry.

Sveriges största byggbolag har inlett ett samarbete med BIMobject AB. Samarbetet kommer att ge Peab tillgång till BIMobjects innovativa teknologier. Peab kommer i och med samarbetet att kunna erbjuda ett bättre informationsflöde i byggprocessen genom att skapa informationsbärande och smarta objekt förkonstruktionslösningar för att göra Peabs BIM-process mer effektiv.

Skanska UK har meddelat ett strategiskt partnerskap med BIMobject®, vilket är ett stort steg i Skanska UK:s BIM-strategi. Skanskas prisbelönta förhållningssätt till BIM har erkänts genom hela byggbranschen. Partnerskapet möjliggör bättre samarbetsförmåga mellan Skanska och deras logistikkedja.

Proven ROI

Dear Sirs,

Since BIMBA is a premium... all signs in BIMBA are 100% waterproof under today's UVB rays and under heavy rain. I think this is a great feature for you.

Yours truly,

Bob Lott
