buildingSMART Nordic
openBIM Facility Management Seminar

Date: 11 Sept. 2014
Time: 10:00 to 16:00
Place: *Fossekallen Konferansesenter, Granfos Næringspark, Vollsveien 13 H, Lysaker (Oslo)*
      Free parking, get a parking permit in reception
Price: *Norwegian members NOK 0*
      Nordic members NOK 750
      Non-members NOK 1.500

Agenda

10:00 Welcome and introduction to seminar

Nordic Status and Development Projects
10:10 openBIM FM solutions and projects in Denmark
     Jan Karlshøj, buildingSMART Nordic Chair and Søren Spile, Cuneco
10:40 openBIM FM solutions and projects in Finland
     Tomi Hentinnen, buildingSMART Finland/Gravicon and Christer Finne, buildingSMART Finland
11:10 openBIM FM solutions and projects in Norway
     Inge Aarseth, FMie Project and Steen Sunesen, buildingSMART Norway
11:40 openBIM FM solutions and projects in Sweden
     Prof. Väino Tarandi, BIM Alliance Sweden/KTH and Tyréns and Per Bjälnes

12:10 Lunch - 50 minutes

Looking outside of the Nordic
13:00 COBie UK - What is it and how will it be used
     Prof. Steve Lockley, Chair of Building Modeling at Northumbria University at Newcastle

Common challenges

13:30 Coordination of development
     Coordinated or shared Terminology and Requirements with IFC and bS Data Dictionary.
     Kjell Ivar Bakkmoen, IUG Chair and Håvard Bell, Catenda

13:50 Break - 15 minutes

openBIM FM Applications

Brief overview of available FM BIM tools

14:05 Attensi Simulation Technology - Simulation of functionality based on IFC model

14:15 Rendra o - Tablet app for openBIM based visualization and documentation handling
- *Kjell Ivar Bakkmoen Helse Sør-Øst or Rendra*

14:25 Jotne – IFC modell server - BIM everything, for and before construction/facility management. Helse Midt deploys their system to do FM directly off the BIM and eliminating vector drawings as source, *Jorulv Rangnes, Jotne EPM Technology*

14:35 bimsync - *Håvard Bell*

14:45 ArchiFM for BIM-FM - *Frode Saltkjelvik*

14:55 dRofus - *Ole Kristian Kvarsvik Nosyko*

15:05 ISY FDV og ISY Eiendom med åpenBIM - *Øyvind N. Jensen, Norconsult* informasjonssystemer

15:15 Viscenario - Tablet app for openBIM based visualization, FM documentation handling, ad-hoc tasks and planned maintenance - *Beate Størkson, Viscenario*

The Information Value Chain

15:25 Client Requirements and fear from architects, engineers and contractors
Thorsten Falk, Niras

15:45 When is information added to the BIM and who is responsible?
Risto Vahenurm and Prof. Väino Tarandi, both Kungliga Tekniska Högskolan

16:05 Wrap-up - Conclusions and actions

16:15 End of Seminar
